

Art Classes for Kids & Teens

- Learn a visual language
- Become familiar with various mediums and techniques
- Develop his/her ideas in a sketchbook (study composition)
- Understand his/her creative process
- Discover artists as well as the impact of their works
- Improve intellectual abilities
- Increase fine motor skills
- Build self-confidence

Students will choose a medium per semester and explore related techniques along with visual effects. They will gain knowledge throughout demonstrations and written material. They will learn to create their own compositions as well as develop ideas and themes in their sketchbooks. Students will select among the following mediums:

- Acrylic Painting
- Mixed Media
- Drawing (graphite pencils, colored pencils, charcoal, chalk, pastels, ink)
- Clay
- Collage/Assemblage
- Printmaking
